

SHOW ME

Creator: Roni Laufer Zukerman

What is ShowMe?

ShowMe helps users easily discover concerts, parties, and other events happening nearby or by searching for specific artists.

Target Audience:

Music lovers, live performance enthusiasts, people looking for entertainment and events in their area.

What the app provides:

- Finds nearby events based on location and date
- Provides full event details (including ticket links, navigation, and artist playlist)
- Saves favorite events
- Flexible search by artist, venue, or date

Competitor Review:

Bandsintown/Songkick – Focused on the international market

Manual Search (Facebook, Ticket Sites) – Information is scattered and not always up-to-date

The Problem & The Need

The Problem:

It's hard to keep track of all local gigs and events. Information is scattered across different platforms and lacks an easy “what's near me soon” view.

The Need:

A simple, centralized tool to discover local entertainment events with all key details in one place.

ShowMe's Solution:

- Sorted event list by proximity and date
- Consolidated information into an event card
- Save favorites and personalize searches

Features & Technology

Main App Features:

- Event Feed (Sorted by distance & date)
- Event Filtering (By type)
- Detailed Event Card (Image, Info, Type Icon)
- Quick Actions (Tickets, Directions, Playlist, Share, Favorite)
- Favorites System (Cloud synced)
- Advanced Search (Text & Date)
- User Profile & Authentication (Email)
- Fullscreen Image Display
- Modern UI (Dark theme, Red/Black, Custom Font, Animations, Splash Screen)

Server-side (Firebase):

- Firebase Authentication
- Firebase Firestore
- Firebase Storage

External APIs:

- Google Maps Intent API
- YouTube Data API v3
- Android Location Services
